On the canal locks are electronically operated, and open between 09 h and 20 h. A smart card that you can buy at the base (€13) gives access to all services (locks, toilets, showers, laundry, pump-out).

On all the larger lakes, cruising is forbidden in high winds.

See our cruising report on our website [www.locaboat.com](http://www.locaboat.com)

Locks are open every day.

## Fishing

No need for a license in the Republic of Ireland: fishing is free of charge. The fish abounds there, particularly pikes, breams, tenches, perch... Fishing is here a sport, the "no kill" is proceeded (all the fishes or almost are delicately put back into the water).

Ballinamore has an excellent shop for fishermen where you will be able to hire your fishing tackle and buy baits. You can get good advice for each type of fish and according to the season.

A rowing dinghy is included in the Pénichette® hire price. You have the possibility to reserve a dinghy equipped with outboard motor.
