

# Home from Home!

## ■ The Pénichette® - Your Home from Home!

**Superbly designed inside** and out our Penichettes are comfortable and well-equipped. Large windows and either a sliding roof or choice of steering positions means that whoever is at the helm is always at the centre of life on board. Either with an aft-deck or the flying bridge, all boats feature light and airy living space and practical, fully equipped kitchens – ideal for parties of 2 – 12.

## ■ Comfortable cabins

**Our comfortable cabins are designed to give you a good night's sleep** – important on any holiday. Sheets and continental quilts are provided.

## ■ Family friendly and very safe!

**Our boats are well designed for safety.** Exterior walkways with stainless steel railings on the exposed side mean that adults and children of all ages can safely get around without fear of a mishap. And of course life jackets are always provided.

## ■ Al fresco lunches or simply relaxing

**The deck is a central part of boating life, whether for enjoying an al fresco lunch,** a fun area for the children to play, or for just relaxing with a book. And of course what better place to enjoy the fresh air and sunshine!

## Did you know?

■ **Hire a Bike with your Boat!** To get the most enjoyment from a boating holiday we recommend you hire bikes from the base and space on deck is specially allocated for them.

■ **Enjoy boating in the Spring and Autumn.** You can enjoy a boating holiday for eight months of the year! European waterways normally open from just before Easter until the end of October. All boats are equipped with heating to ensure your comfort on a cooler Spring or Autumn evening.

■ For your comfort, **bed linen and continental quilts** are already on board, as well as bath and kitchen towels.
